---

**SAVE PLANT,  
SAVE NATURE**

**DID YOU KNOW?** There are around 400,000 plants species recorded in the world and many more waiting to be discovered and named. Yet although the threat to the existence of many wild animals is now widely recognized, not many people are aware that plants are also in danger. In February 2015, the Centre of Biological Diversity stated “Of the more than 300,000 known species of plants, the IUCN has evaluated only 12914 species, finding about 68% of evaluated plant are threatened with extinction.

**JADAB PAYENG**

---

**Jadav “Molai” Payeng** the recipient of the fourth highest civilian award Padma Shri is a world recognised environmental activist and forestry worker from **MAJULI** (World Largest Riverine Island) in **Assam**, popularly known as the Forest Man of India. Over the course of several decades, he has planted and tended trees on a sandbar of the river **Brahmaputra** turning into a forest and made an example to save the **MAJULI** from siltation.
